

## 1982

Traveled to Belize to study jaguars at the invitation of one of the founding fathers of the wildlife conservation field and Panthera Science Council Vice Chair, Dr. George Schaller.

## 1986

Convinced the government of Belize to establish the world's first jaguar sanctuary—the Cockscomb Jaguar Preserve.

Conducted the first radio-telemetry research on Asiatic leopards and Asian leopard cats and civets in Huai Kha Khaeng Wildlife Sanctuary, Thailand. This work contributed to the sanctuary's designation as a UNESCO World Heritage Site.

## 1998

Discovered four mammal species in Myanmar, including the leaf deer — the most primitive deer species in the world.

## 2001

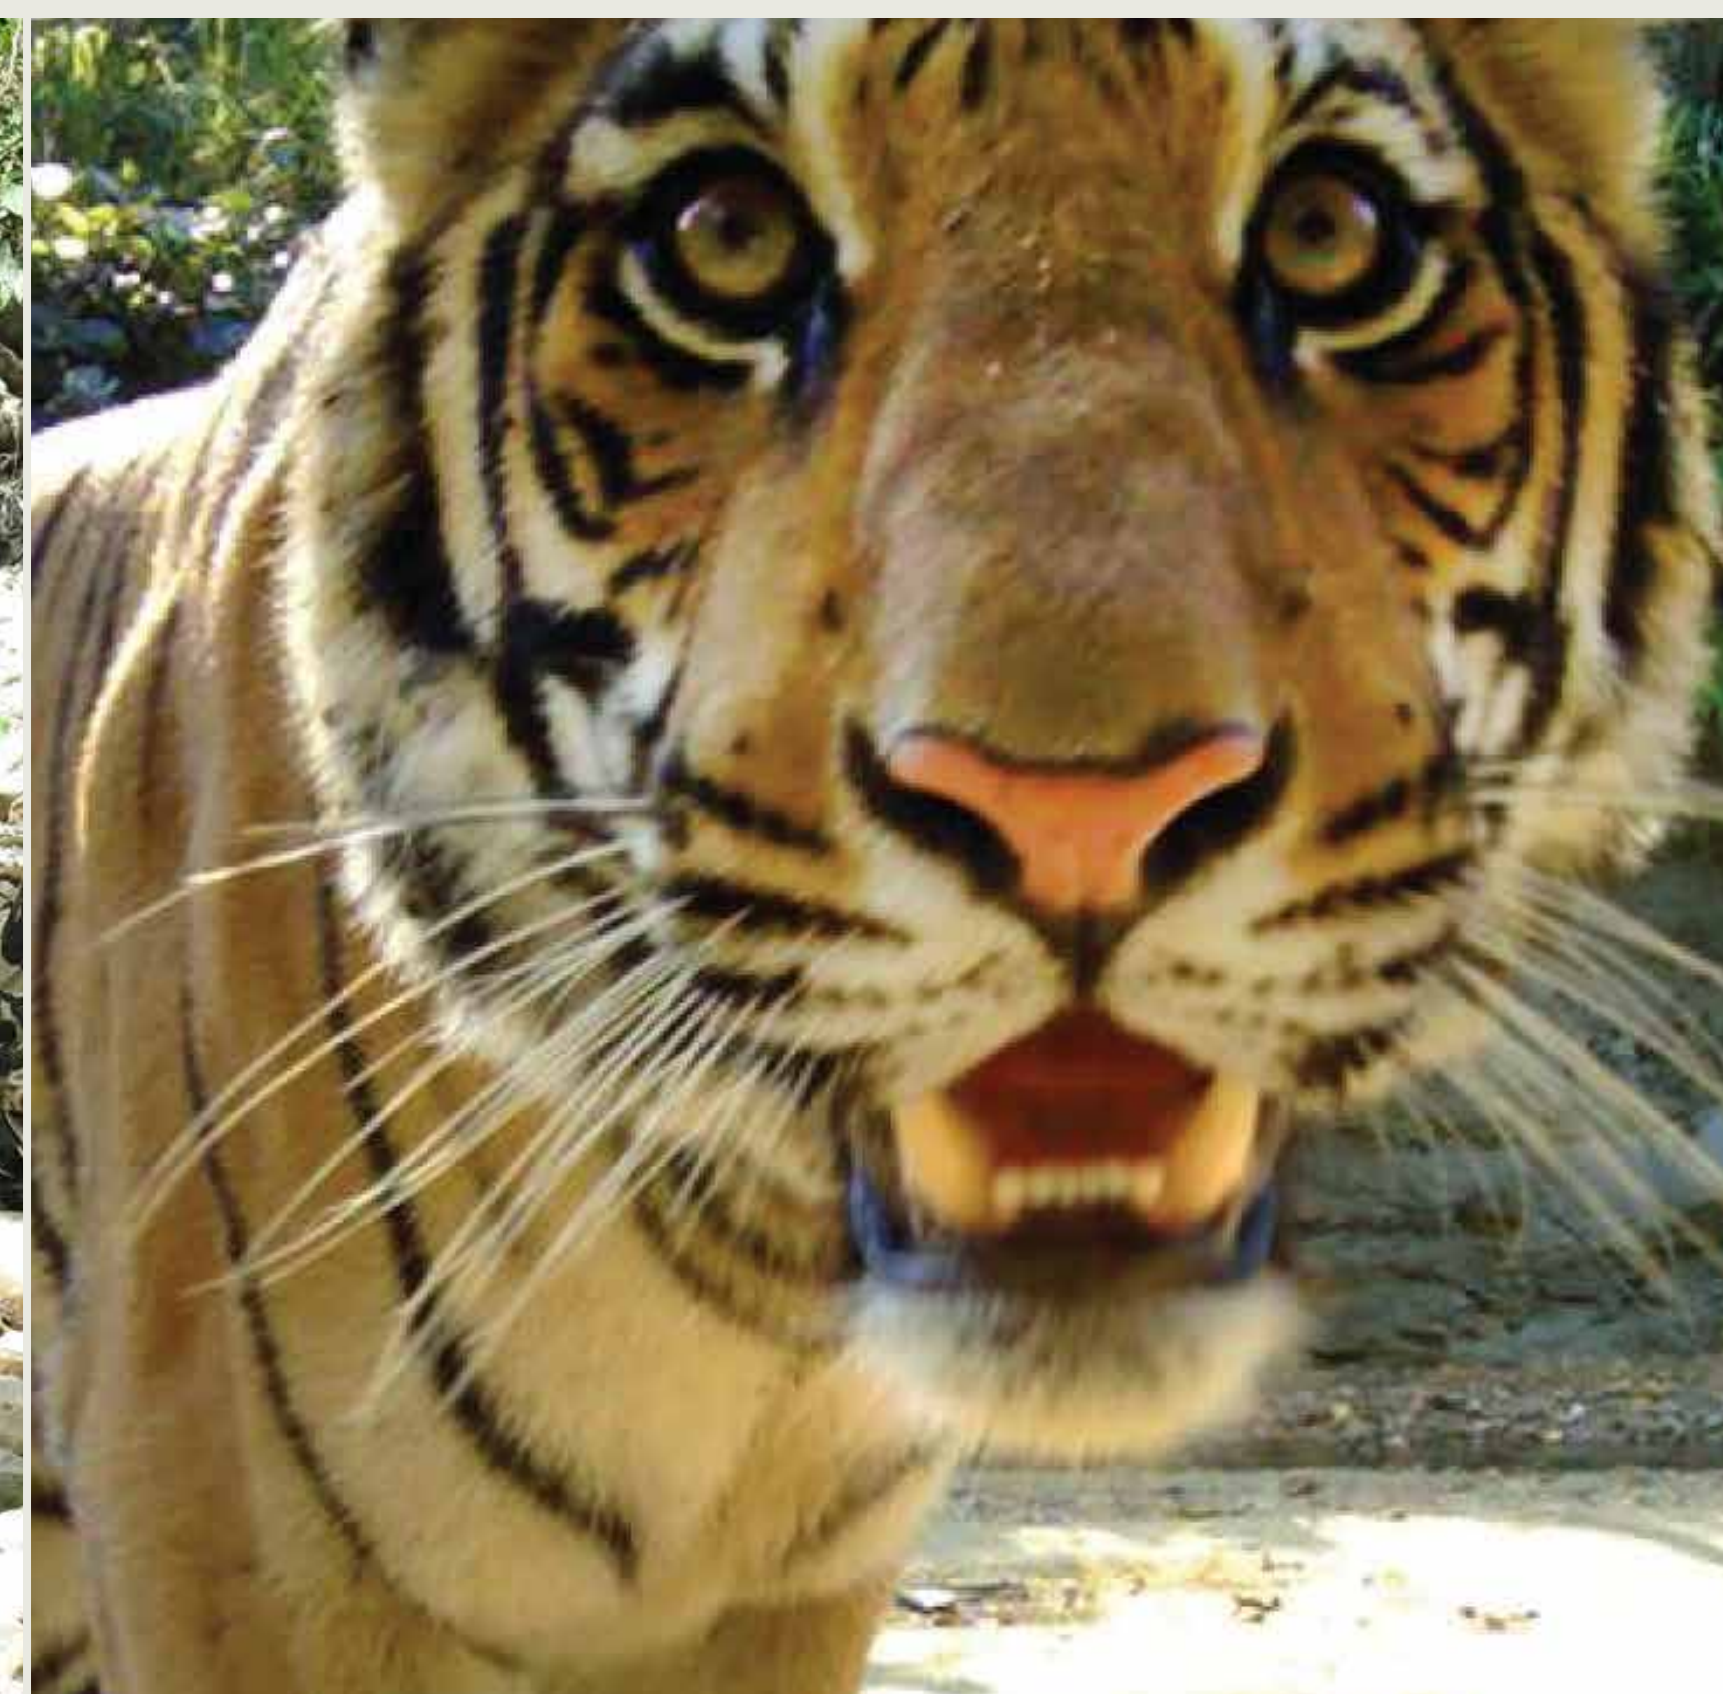

Conceptualized and implemented the Jaguar Corridor Initiative, an unprecedented effort to connect and protect jaguar populations from Mexico to Argentina, to preserve the species' genetic integrity.

# Alan Rabinowitz

1953-2018

Known as 'The Indiana Jones of Wildlife Protection,' Dr. Alan Rabinowitz was a fearless and determined champion for wild cats. This timeline charts just some of his greatest achievements on behalf of the species whose long-term survival was his life's mission.

Learn more about his legacy @ [panthera.org](http://panthera.org)

## 2004

Established five protected areas in Myanmar, including the Hukaung Valley Tiger Reserve.

## 2006

Founded Panthera, the global wild cat conservation organization, with Dr. Thomas S. Kaplan and Daphne Recanati Kaplan.

Created the Tigers Forever program and strategy—a razor-sharp focus on mitigating the greatest threats facing the species, to increase tiger numbers at core sites by at least 50 percent over a ten-year period.

## 2010

After helping to establish the Hukaung Valley Wildlife Sanctuary in 2001, convinced the government of Myanmar to expand the Sanctuary, making it the country's largest.

## 2017

Launched Panthera's Journey of the Jaguar—the first-ever attempt by man to traverse the jaguar's six million km<sup>2</sup> range, to secure a future for the Americas' largest wild cat.
